MEDIUMSHIP

Chris Carpentier

EXPERIENCE SELF AWARENESS, PERSONAL GROWTH, AND INTUITIVE DEVELOPMENT.

Whether you want to take your skills to a public forum, or you desire to learn more about connecting with deceased loved ones for personal growth, this class will help bring clarity to a mysterious process. You will learn how to make connections clearly and safely, as you discover your personal gift inherent to all.

We will be exploring your level of intuition and the clair senses that are your strongest gift, regardless of your interest in pursuing mediumistic activities. Your basic understanding of life can expand in one magical moment of experiencing the mysteries of life within a safe setting that can ultimately lead to a greater awakening.

- Teachings modeled after a world class psychic with 35 years experience
- Lessons on mediumistic skills
- How to prepare for each connection with a deceased loved one
- Opening and closing the door to the spirit world
- The three basic elements of a professional medium session
- Exercises that help take your skill to the next level
- The business of mediumship and intuitive practices

At the end of the workshop, there will be internship readings required to complete the certification. You can choose not to participate with the internship part of the process and attend the workshop to deepen your spiritual understanding or improve your intuitive skills.
