Come join us and meet like minded friends and discuss crystals and healing. This class focuses on the teachings of Dr. Marcel Vogel and his methods of using fine cut crystals as an energy healing device.

You will have a chance to experience the crystal release technique developed by Dr. Marcel Vogel that I use in my practice to create movement around deep-seated emotional issues. This powerful method uses breath, intention, and crystals to deliver energetic shifts in the human body.

You will learn about the connection that crystals have to water, and how they can be helpful, or even essential, when dealing with the issues of the human body. This class is for those looking to learn and have an experience with crystal energy healing, or those interested in adding the modality to their current practice.

In this class you will learn:

- The science behind crystalline energy in understandable terms
- How to clear, program and cleanse your crystals
- Igniting the crystal
- Crystals as storage devices
- The Marcel Vogel Crystal Release method
- Using crystals to heal yourself & others
- Mind's eye clearing & awakening

At the end of the workshop, there will be internship sessions required if you are interested in certification. You can choose not to participate with the internship part of the process and attend the workshop to deepen your spiritual understanding or improve your intuitive skills.
